### Countable Nouns Definition

The names of things, objects and people which can be counted are called countable nouns. *For Example Cats, Dogs, Animals, Boys, Cups, Tables, Chairs, Plants, etc.* Generally we add a, an, many, few, a few before countable nouns.

- Countable nouns can be Singular or Plural.

### Uncountable Noun Definition

The nouns which can not be counted are called uncountable nouns. for example, Oil, Smoke, Rice, Sugar, Fear, Beauty, Anger, Art, love, music, gas, power, furniture, luggage, butter, water etc.

- Uncountable nouns only have singular forms and they do not have any plurals.
- Uncountable Nouns can be paired with words expressing plural concepts like two cups of tea, two pairs of shoes, a spoonful of sugar.

- They are used to tell the quantity and not the number.

## Countable Nouns/Common nouns have Two Numbers:

1. Singular Number
2. Plural Number

### 1. Singular Number

Singular number is the form of nouns that denote one person, place, thing.

For Example:

*Girl* here denotes a single girl. (only one person)

### 2. Plural Number

Plural Number is the form of nouns that refers to more than one person, place or thing.

For Example:

*Girls* here denote more than one girl. (more than one person)
