## Short essay on My Mother

A mother is who loves her children very much. Mother is the dearest person in the world.

The name of **my mother** is *Mrs. Anita Sharma*. She is a very busy lady. She gets up early in the morning. She keeps everything in its proper place. She *likes* **discipline** and **perfection**.

She always advises me to speak the truth and to obey the elders. She washes my clothes. She prepares *breakfast, lunch, and dinner* for us.

She wears glasses. She scolds me only when I do some serious mistakes. She is quite educated. She guides me in my studies. She sometimes plays indoor games with me. She always wears a clean sari. She wears some gold ornaments also. Whenever she goes shopping, she brings some toys and sweets for me.

She is the most respected lady for me. It is because she contributed a great part of her life to walk in the best society. I like her very much.

Thus, **mothers** in our country claim great respect. We can never repay their debt. They take special delight in serving others.
