The Commissioner

Municipal Corporation of Bhopal, Bhopal

**Subject:** Conversion of the public park into a shopping complex.

Sir,

I only on the behalf of the residents of Nehru Nagar, want to bring the core resentment of the public about the decision taken by **the Municipal Corporation** to convert the well-maintained and sanctioned park into a **shopping complex**. You know that this is the only open space for the children to 9 play, *joggers, morning walkers, and old people to pass their time* in the morning and evening hours. It serves as a safe playfield for small children during their free time and they enjoy a *pollution-free area*. The parks are the lungs for the residents and provide solace amidst sky **scrappers and cramped slopes**.

Moreover, there is a vacant plot with the Corporation, just hardly ten furlongs from their well-developed park. The same can be converted into a shopping complex. At present, the place needs *some improvement and attention*. It will also save us from encroachment by the anti-social elements. This site can be well utilized for the purpose under consideration.

I hope that the decision will be revoked in the best interest of the residents.

Yours faithfully

Rama

Secretary, R.W.A.
