Hon'ble Member of Parliament,  
Chandni Chowk Constituency, Delhi

**Sub:** Request for better Sports Facilities.

Dear Shri XYZ,

At the outset, I would like to draw your attention in public interest in the current session of the Parliament on the subject for providing better sports facilities to our young men and women. Our locality (Bhagiath Palace) has a cluster of about 300 odd houses with not less than 5000 children who could be trained to be good sportsmen. They children are exceptionally well in sports such as football and hockey but lack proper guidance and infrastructure. A proper training could help them be leaders in sports world.

Some sports facilities such as proper equipment and coaching can help us reach our goals and can help India ace the sports events. It will also be a step towards women empowerment by providing girls with equal training. The girls can be future trainers as well as sportswomen. Boys are not behind either.

We hope to see a better future and hope to see our children develop an all rounder personality. And for the same, we request you to help us improve sports infrastructure so children can excel in sports events as well.

Thanking you  
Your faithfully  
Rakesh (Secretary)
