

Letter on Brutality against innocent people through police

Today, we will discuss about the letter format of Brutality against innocent people through police . It is becoming common nowadays policemen are not behaving well with the general public . Here Is a Similar Situation given. A leading news channel recently gave a live coverage of some young slum dwellers being beaten up mercilessly by the police for crimes not committed by them. Such atrocities shake the very faith of people. We will discuss the letter format on Brutality against innocent people through police on the above situation.

Question : Write a letter to the Commissioner of Police urging him to adopt effective measures to curb such brutality against innocent people . You are Nita/Nitesh, a resident of Guwahati.

Answer :

51 – Coronation Ground,
Guwahati

15th March, 20xx

The Commissioner of Police,
Mahatma Gandhi Road,
Guwahati

Sub : Brutality against innocent people through police.

Sir,
I, on behalf of the Residents Welfare Association of slum dwellers, would like to bring your notices about the police atrocities done on innocent slum dwellers that has shaken the faith, belief and sanctity of people about the police staff. The police beat the people mercilessly and consequently some of them have been admitted to the City Hospital. The affected people went on pointing out the real facts by the hard-hearted and cruel police personnel went on beating them without caring for their bodies and innocent cries. They violated all the human rights. Since the motto of the police is

‘with you, for you’ thus the law protectors have become men-eaters and destroyers.

Such type of unwarranted activities bring a slur on the name of police and are enough to tarnish and deface their image. Government gives them uniform to protect the innocent and to do justice with all by maintaining proper law and order. Can you think as to who is answerable for their vandalism, lawlessness, carelessness and brutality. The solution lies in punishing the guilty and ensuring as well as regaining faith in public. In the safety of all, effective measures are needed to be taken against the law breakers by providing justice to the innocent people.

I hope the police will perform its duty sincerely and restore faith.

Yours faithfully
Nitesh
