Subject: Irregular delivery of letters.

Sir,

I am sorry to say that the postman of our beat *Mr. Lal Chand* is not discharging his duty properly. He does not put my letter into the letter-box installed at the gate. He just throws them near the front gate of the house. Sometimes he hands over the letter to the children playing in the street and they are lost forever. On the worse of it his visits are far and few between. Thus many times I receive my letters very late. Several times people could not reach well in time to join the work or interview calls due to negligence on the part of the postman.

Only last week I gathered a letter addressed to me from the lawn of my neighbor. It is his usual practice to deliver the letters a day or two after their receipt. This causes a great loss to my business. I have often requested to look into the matter and instruct him to be careful towards his duties.

Thanking you,
Yours faithfully,
